## **Canada Product Related Surcharge: Fasteners & Plates**

---

To all GAF and Siplast Commercial Roofing Customers:

Effective December 26, 2025, the Government of Canada imposed a 25% tariff on steel derivative products, including our fasteners and plates. Consequently, we must pass this surcharge through to our customers.

Please be advised that all invoices containing any brand of fasteners and plates will include an order surcharge of up to 25%. This surcharge is applied at the time of shipment. Should the Government of Canada remove this tariff, we commit to removing the surcharge from your invoices immediately.

We continue to monitor the situation closely. Please contact us with any questions or concerns.
